Jimena Valverde Acuña

Frontend Web Designer and Developer

Professional profile

Web developer and designer in training with a user-centered approach. I stand out for my ability to solve problems, lead teams and manage projects efficiently, as well as my ability to create attractive and functional web interfaces. My goal is to continue growing as a professional in the field of frontend web design and development, contributing my creativity and knowledge to create exceptional, user-oriented web experiences.

Experience

Frontend Developer

April - July 2023 | Recipes

Development of a recreational website that consists of a recipe page. Developed in Visual Studio Code using the HTML, CSS and JS programming language. As well as using figma to create web design.

Scrum Master

August - December 2023 | Discover

I led the coordination and successful delivery of the project, ensuring the fulfillment of objectives by facilitating agile processes and promoting team collaboration to achieve timely and successful deliveries.

Marketing and Graphic Design Assistant

November 2023 - current date | TCU-781

I supported startups in graphic design and marketing, creating visual identities, audiovisual content and promotional material.

Nature photography

2018 - current date | Hobby

I love taking photographs of nature, especially the little things that cannot be seen with the naked eye. Experience in composition, lighting and editing.

Academic training

Bachelor's Degree in Computer Science and Multimedia Technology

2021 - taking the last year of my degree, University of Costa Rica
